**Zoom walk through of new home study law**  
June 16, 2023

Hello << Test First Name >>,

**Zoom Links for meetings on a walk-through of [the new home study law](#)**

There will be **two identical Zoom meetings to do a walk-through of the new home study statute**. So, you can pick which meeting time fits your schedule. The Zoom link is the same for both meetings and is at the end of this message.

There is a limit of 500 people on this meeting so an actual discussion will not be feasible. There will be a **chat window where you can ask questions** and I will have someone reading it and letting me know what the questions are. Any questions we do not get to will be written up and posted on VHEN with an answer.

Here is a link to the language of the new law:

I have also had some people interested in a **monthly or bi-monthly Zoom meetings** which would be about things that are of interest to all VT homeschoolers, such as dual enrollment, early college, a state wide graduation ceremony, and a possible new legislative project - **approved parent taught driver education courses for home study students**. I tried this once before so the language is already written!

Depending on how these monthly meetings are set up, it could include conversation which would mean limiting the number of participants. More on that later.

Please consider joining in on one of these two scheduled meetings:
